## RIS 3 - PRODUCTIVE / ENTREPRENEURIAL FOCUS OF A REGION

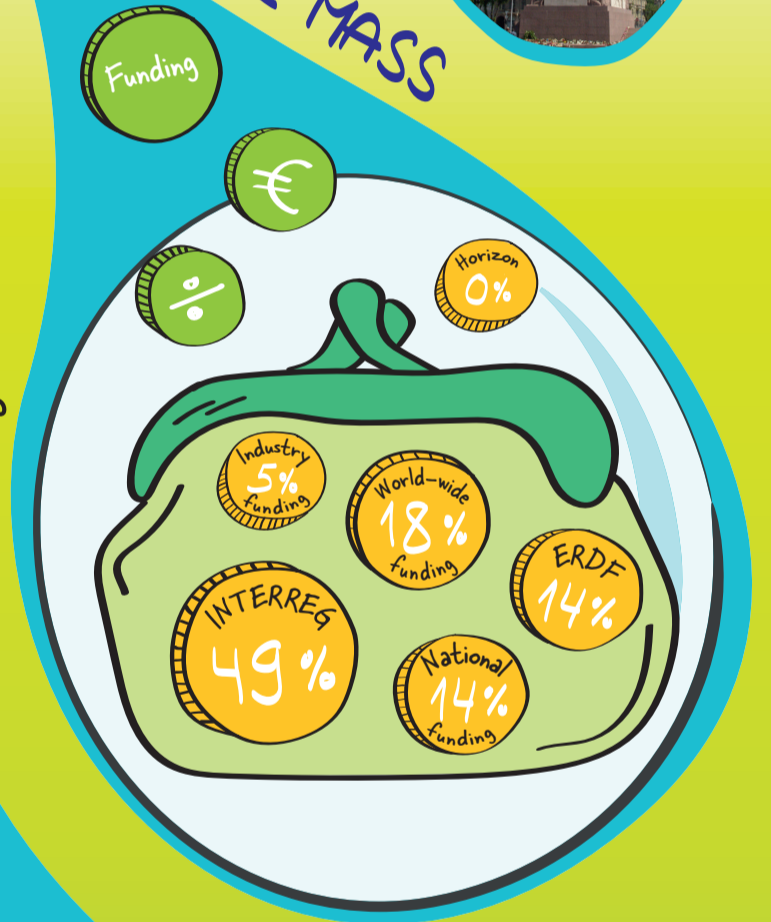

## COMPETENCES OF ACADEMIA & INDUSTRY ORGANISATIONS

- Population: 1,9 M
- Area: 65 000 km<sup>2</sup>
- Drinking water source:
  - 85% groundwater,
  - 15% surface water
- Connected to centralised drinking water: 92%
- Length of drinking water network: 5746 km
- Drinking water losses (average): 22%
- Water & sewage tariff (average): 2,31 Eur/m<sup>3</sup>
- Length of sewage water networks: 5362 km
- Treated wastewaters: 85 - 100 M m<sup>3</sup>/year

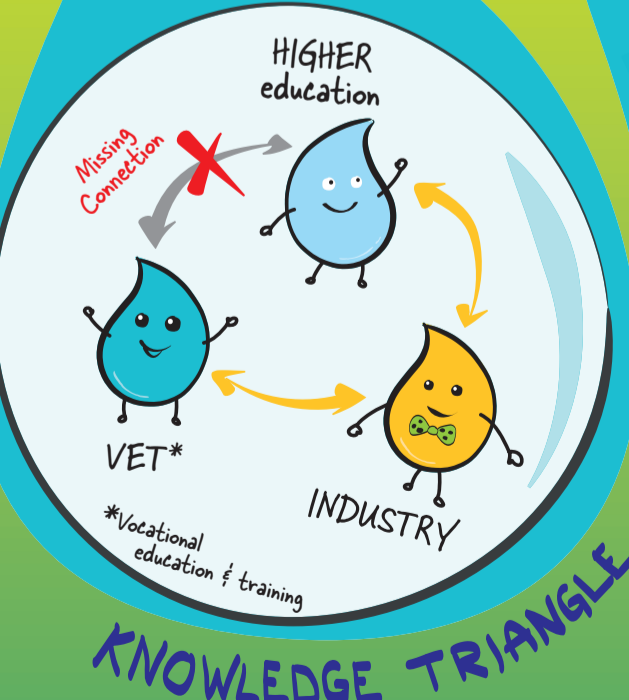

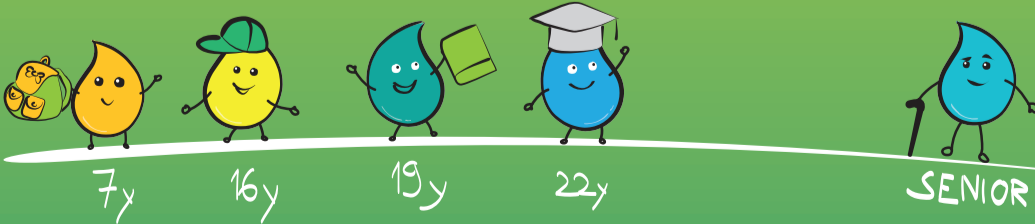

## CRITICAL MASS

## GOVERNMENT

- Ministry of Education and Sciences
- Ministry of Environmental Protection and Regional Development
- Health Inspectorate
- The State Environmental Service

## HUMAN CAPITAL

## KNOWLEDGE TRIANGLE

## INTERNATIONALIZATION

- Platform of Vocational Education
- S3 Platform Water Smart Territories
- Eit RawMaterials
- Eit Climate-KIC
- Eit Food
